

FREE PATTERN

Free Crochet Baby Booties Pattern for Beginners

A simple sole-and-sides construction, worked flat, for a quick and genuinely useful baby gift.

Updated 2026 · US terms · Fits 0–6 months

These booties use the same increase-and-flat-round technique from our [beanie pattern](#), just scaled down and shaped for a foot instead of a head. They're a fast, practical project — a genuinely useful handmade gift that takes one evening rather than a full weekend.

Safety note: keep any decorative additions (buttons, bows) securely sewn on and appropriate for the child's age, or skip them entirely for very young infants. See the FAQ below for more on safe construction choices.

MATERIALS

- 1 skein soft, machine-washable worsted-weight yarn labelled safe for babies (about 60–80 yards)
- 4.0mm (US size G) crochet hook
- Stitch marker, to track the start of each round
- Scissors

- Yarn needle, for weaving in ends

ABBREVIATIONS (US TERMS)

ABBR.	MEANS
ch	Chain
sc	Single crochet
st(s)	Stitch(es)
inc	2 sc in same stitch (increase)
rnd(s)	Round(s)

See our [abbreviations glossary](#) for the full list including UK terms.

GAUGE

14 sc and 16 rows measures about 4in / 10cm square with a 4.0mm hook and worsted yarn. Gauge affects fit more here than in larger projects — if your finished sole runs bigger or smaller than about 4in / 10cm long, adjust hook size before making a pair.

NOTES

- Written in US terms, worked in a continuous spiral — same technique as our [beanie pattern](#). Use a stitch marker to track round starts.
- Makes one bootie; repeat the entire pattern once more for a matching pair.
- For a slightly larger size, add one more increase round to the sole before continuing to the sides.

Pattern (make 2)

SOLE, ROUND 1

Ch 9. Starting in 2nd ch from hook, sc 7, work 3 sc in last ch, then sc 7 down the other side of the chain, work 2 sc in the last ch. Place marker. *(18 sts)*

SOLE, ROUND 2

Inc, sc 6, inc 3 times, sc 6, inc twice. *(24 sts)*

SOLE, ROUND 3

Sc in every st around, no increases. *(24 sts)*

SIDES, ROUNDS 4–9

Sc in every st around for 6 rounds, working through the back loop only on round 4 for a defined edge between sole and sides. *(24 sts each round)*

FINISHING THE TOP OPENING

Fasten off, leaving a long tail. Weave the tail through the front loops of the last round and pull gently to slightly gather the opening, leaving enough space to fit over a baby's foot. Weave in the end.

Frequently asked questions

What yarn is safe to use for crochet baby booties?

Soft, machine-washable acrylic or cotton yarn labelled for baby items is the standard choice. Avoid novelty or mohair-type yarns with loose fibres, which can be a safety concern for infants.

How do I size crochet baby booties for different ages?

This pattern fits 0-6 months. For a larger size, add one more increase round to the sole before starting the sides, which adds roughly a size.

Should baby booties have buttons or ties to stay on?

A simple ankle strap with a button works well for older babies who can't easily remove it, but for very young infants, snug-fitting booties without small attachable parts are the safer choice.
