Crochet Reindeer Amigurumi Pattern

A small stuffed reindeer with branching antlers and a bright red nose — built from simple amigurumi pieces.

Updated 2026 • US terms • 1 hr read

This reindeer follows the same basic shaping as our [amigurumi bear pattern](#) — a rounded body and head, four simple limbs — with the addition of small branching antlers and a red pom-pom nose to make it unmistakably a reindeer.

What you need

- Worsted weight (#4) yarn: brown (main), a touch of darker brown or tan (antlers, hooves), and red (nose)
- 4.0mm (US G/6) hook
- Polyester fiberfill stuffing
- Black safety eyes or embroidery thread
- Yarn needle

Body

Steps

1. Magic ring, 6 sc. (6 sts)
2. Increase every round by 6 sts for 3 rounds. (24 sts)
3. Work even for 6 rounds.
4. Decrease by 6 sts per round for 3 rounds, stuffing as you go, then close and leave a small opening or a tail for attaching the head.

Head

Steps

1. Magic ring, 6 sc. (6 sts)
2. Increase every round by 6 sts for 3 rounds. (18 sts)
3. Work even for 4 rounds, attaching safety eyes partway through.
4. Decrease by 6 sts per round for 2–3 rounds, stuffing firmly, then close.

Ears, legs, and antlers

Steps

1. Ears (make 2): magic ring, 5 sc, increase 1 round to 10 sts, work 1 round even, fasten off and flatten slightly before attaching.
2. Legs (make 4): magic ring, 6 sc, work even for 5–6 rounds without stuffing heavily (a light stuff is enough for small limbs), fasten off leaving a tail for attaching.
3. Antlers (make 2): chain 10, then from the 4th chain from hook, work a short branch: chain 4 more, slip stitch back down that branch, then continue back

down the main chain with sc, adding one more short branch partway down the same way. Fasten off leaving a tail.

Assembly

Steps

1. Attach the head to the top of the body, and the four legs evenly around the base.
2. Attach the ears to the top of the head, and the antlers just behind the ears.
3. Attach a small red pom-pom, or a tightly wrapped ball of red yarn, as the nose.

Frequently asked questions

Can I skip the antler branching and just use a plain chain?

Yes — two short plain chains sewn into a V-shape still read clearly as antlers if you want a faster version.

What size hook and yarn give the best result?

Worsted weight with a 4.0mm hook gives a firm, well-defined amigurumi fabric that holds its shape without stuffing showing through.

How do I make the nose extra bright?

A small store-bought red pom-pom (about 1 inch) sewn on gives a neater, fuller look than a crocheted circle.
