Free Single Crochet Scarf Pattern for Beginners

The same skill as a dishcloth, just longer — a forgiving first wearable project.

Updated 2026 · US terms · 6in / 15cm wide, any length

This scarf is the longer cousin of our [dishcloth pattern](#) — same two stitches, same one repeating row, just kept going until it's scarf-length. It's a good next project once a dishcloth feels comfortable, and it's where most beginners notice their tension get more even simply from repetition.

MATERIALS

- 3–4 skeins worsted-weight yarn (about 600–700 yards total)
- 5.0mm (US size H) crochet hook
- Scissors
- Yarn needle, for weaving in ends

GAUGE

14 sc and 16 rows measures about 4in / 10cm square with a 5.0mm hook and worsted yarn. Gauge isn't critical here — a scarf is forgiving on exact width.

NOTES

- Written in US terms. Check our [abbreviations glossary](#) first if you usually work in UK terms.
- This pattern is just one row repeated — stop whenever your scarf reaches the length you want, roughly 60–70in / 150–180cm for a standard adult scarf.
- If your yarn runs out mid-row, join a new skein at the start of the next row to keep the join tidy.

Pattern

FOUNDATION

Chain 19.

ROW 1

Single crochet in the 2nd chain from the hook, and in each chain across. Turn.
(18 sts)

ROW 2 AND ALL FOLLOWING ROWS

Chain 1 (does not count as a stitch), single crochet in each stitch across. Turn.
(18 sts)

Repeat this row until the scarf reaches your desired length. Check your stitch count every few rows — it should stay at 18 throughout.

FINISHING

Fasten off, leaving a 6in / 15cm tail. Weave in all ends with a yarn needle, including any joins from changing skeins.

Frequently asked questions

How much yarn do I need for a crochet scarf?

A standard adult scarf uses roughly 600 to 700 yards of worsted-weight yarn, which usually means three to four 100-gram skeins depending on the brand.

How long should a beginner crochet scarf be?

A comfortable adult scarf is typically 60 to 70 inches long, though this pattern can be stopped at any length since it's just repeating one row.

Why does my scarf get narrower or wider as I go?

This usually means a stitch is being added or dropped at the edge of a row, often from missing the first or last stitch, or from working an extra stitch into the turning chain. Count your stitches at the end of every row to catch it early.
